Anthony A. Hoekema

Created in God's Image Anthony A. Hoekema, 1986 Hoekema discusses the implications of the assertion that humankind was created in the image of God, devoting several chapters to the biblical teaching on God's image, the teaching of philosophers and theologians through the ages, and his own theological analysis. Suitable for seminary-level anthropology courses, yet accessible to educated laypeople. Copyright © Libri GmbH. All rights reserved.

The Bible and the Future Anthony A. Hoekema, 1994-09-06 Writing from the perspective that the coming of God's kingdom is both present and future, Hoekema covers the full range of eschatological topics in this comprehensive biblical exposition. The two major sections of the book deal with inaugurated eschatology (the already) and future eschatology (the not yet). Detailed appendix, bibliography, and indexes.

Man Gerrit Cornelis Berkouwer, 1962 This is a print on demand book and is therefore non- returnable. This study in theological anthropology considers man as the image of God, the meaning of the image, immortality, and human freedom, dealing always with living, actual man and his inescapable relation to God.

Saved by Grace Anthony A. Hoekema, 1994-09-06 A comprehensive, dynamic, and eminently practical presentation of the biblical teaching on salvation. In discussing the facets of the working out of salvation -- the role of the Spirit, union with Christ, the gospel call, regeneration, conversion, repentance, and so on -- Hoekema does away with the classical *ordo salutis* (order of salvation) by viewing these facets largely as simultaneous aspects in the process of salvation rather than sequential steps on the way to salvation.

Being God's Image Carmen Joy Imes, 2023-06-06 What does it mean to be human? For this timeless question, the Bible offers truths for the flourishing of all creation. Carmen Imes recovers the theologically rich creation narratives and explores the implication of our kinship relationship with God, considering what it means for our work, gender relations, creation care, and eternal destiny.

The Manifold Beauty of Genesis One Gregg Davidson, Kenneth J. Turner, 2021-10-28 See and celebrate the multilayered grandeur conveyed by the first chapter of Genesis The first chapter of the Bible's first book lays the foundation for all that follows about who God is and what God is like. Our technology-age fascination with the science of origins, however, can blind

us to issues of great importance that don't address our culturally conditioned questions. Instead, Genesis One itself suggests the questions and answers that are most significant to human faith and flourishing. Geologist Gregg Davidson and theologian Ken Turner shine a spotlight on Genesis One as theologically rich literature first and foremost, exploring the layers of meaning that showcase various aspects of God's character: Song Analogy Polemic Covenant Temple Calendar Land Our very knowledge of God suffers when we fail to appreciate the Bible's ability to convey multilayered truth simultaneously. The Manifold Beauty of Genesis One offers readers the chance to cultivate an openness to Scripture's richness and a deeper faith in the Creator.

God's Image and Global Cultures Kenneth Nehrbass, 2016-08-26 Globalization has raised numerous questions about theology and culture for Christians. How should we respond to outsourcing and immigration? How does anti-Western sentiment affect the proclamation of the gospel? What is the role of the church in society? This book argues that Christians will be most fulfilled and most effective if they embrace their cultural activity rather than feel ambivalent about it. The central question of this book is, how does bearing God's image relate to cultural activity? Nehrbass explains that spheres of culture, such as political, technological, and social structures, are systems that God has instilled in humans as his image bearers, so that they can glorify and enjoy him forever. Therefore, a theology of culture involves recognizing that the kingdom of God encompasses heaven and Earth, rather than pitting heaven against Earth. The text surveys anthropological explanations for humanity's dependence on culture, and shows that each explanation provides only partial explanatory scope. The most satisfying explanation is that a major functional aspect of bearing God's image is engaging in culture, since the Trinity has been eternally engaged in cultural functions like ruling, communicating, and creating. Each chapter contains a summary and questions about what it means to be a world-changer in the twenty-first century.

A Theology of the New Testament George Eldon Ladd, 1993-09-02 Ladd's magisterial work on New Testament theology has well served thousands of seminary students since its publication in 1974. Enhanced and updated here by Donald A Hagner, this comprehensive, standard evangelical text now features augmented bibliographies and two completely new chapters on subjects that Ladd himself wanted to treat in a revised edition—the theology of each of the Synoptic Evangelists and the issue of unity and diversity in the New Testament—written, respectively, by R. T. France and David Wenham.

Sex Difference in Christian Theology Megan K. DeFranza, 2015-05-16 How different are men and women? When does it matter to us -- or to God? Are male and female the only two options? In *Sex Difference in Christian Theology* Megan DeFranza explores such questions in light of the Bible, theology, and science. Many Christians, entrenched in culture wars over sexual ethics, are either ignorant of the existence of intersex persons or avoid the inherent challenge they bring to the assumption that everybody is born after the pattern of either Adam or Eve. DeFranza argues, from a conservative theological standpoint, that all people are made in the image of God -- male, female, and intersex -- and that we must listen to and learn

from the voices of the intersexed among us.

The Grace of Christ, Third Edition Eric Roessing,2023-09-28 The purpose of this book is to communicate as clearly as possible Paul's gospel of God in its depth, from what I have learned over five decades of studying Paul's letters and theology. But, regardless of how much I have gained from teachers past and present, the bottom line is that the things freely given us by God in Paul's gospel can only be known by the Spirit of God, through comparing Paul's Spirit-taught words with Spirit-taught words (1 Cor 2:12-13). Luther's grasp of how justification in Christ--and thus faith in Christ--is central, is verified by what Paul says in Rom 1:16-17; that in the gospel, God's saving righteousness is revealed, from Christ's faith to our faith. The message of this book can be summed up as follows: The life of the person in Christ is to be one of trust in Christ for righteousness before God, and, through that faith, obedience to Christ as Lord. This life is possible because Christ believers have died with Christ to the lordship of the Sin and the law, and are alive to God in Christ Jesus--owned by him as Lord, being one spirit with him.

Sit on Our Hands, or Stand on Our Feet? Roger Philip Abbott,2013-01-07 The aim of Sit on Our Hands, or Stand on Our Feet is not to present a theology that explains disasters. In fact there is no such theology. Nor is this work primarily for those who are responded to; it is not part of the theological 'grab bag' that Christian responders carry with them to use for the benefit of casualties. It is more a part of the Christian's engaged practical theological apprenticeship prior to, and during, a response. This book represents the role of the practical theologian, who empowers the church community's legitimation and contribution in disaster response, and who encourages individual Christians--whose calling into particularly relevant professions, whose natural skills and/or professional training, could find them placed in a major incident responding status (paid or voluntary)--doing their work as unto the Lord. It is a serious must-read for any Christians who have hearts heavy with compassion but who are not sure what to do or why when disaster strikes.

The Science of Virtue Mark R. McMinn,2017-08-22 The church and science have drifted apart over the past century.

Today the church is often deemed irrelevant by those who trust science, and science is often deemed irrelevant by those whose primary loyalties are to the church. However, this book shows that the new science of virtue--the field of positive psychology--can serve as a bridge point between science and the church and can help renew meaningful conversation. In essence, positive psychology examines how ordinary people can become happier and more fulfilled. Mark McMinn clarifies how positive psychology can complement Christian faith and promote happiness and personal flourishing. In addition, he shows how the church can help strengthen positive psychology. McMinn brings the church's experience and wisdom on six virtues--humility, forgiveness, gratitude, grace, hope, and wisdom--into conversation with intriguing scientific findings from positive psychology. Each chapter includes a section addressing Christian counselors who seek to promote happiness and fulfillment in others.

Dancing in the Dark, Revised Edition Graham Buxton, 2016-11-08 Christians are often tempted to encapsulate God in their own little boxes, as if God could be tied down to our finite way of thinking. But we can neither domesticate nor fully understand God, for theology has a lot to do with coming to terms with the mystery of God. This revised edition of *Dancing in the Dark*--shaped, as in the first edition, by the two overarching themes of God as Trinity and a theology of participation--embraces the notion of mystery in presenting a compelling vision of seeing all things finally united within the inner life of God. As we engage in Christian ministry, we are summoned to participate as grace-filled faith communities in the triune God's immeasurably loving and healing work in the world, leading those who are in darkness into an awareness of the God who imparts life in all its glorious abundance, that which is so . . . and a journey into the mystery of that which is to come. The liberating ministry of the gospel is both a declaration and an invitation--an invitation to the dance!

Christian Formation James R. Estep, Jonathan H. Kim, 2010 Editors and authors James Estep and Jonathan Kim have pulled together something often talked about but seldom seen, namely, a thoroughgoing attempt to integrate theology and science, in this case, social science. Their organization, interpretation, and evaluation of mountains of information from both sides has resulted in an expert, yet easily understandable guide to Christian spiritual formation and development. Both academics and practitioners will find help in this volume, one that is certain to be a standard work for years to come.

The Superiority of an Evangelical Model of Religious Liberty Daniel J. Trippie, 2022-11-14 Religious liberty is America's first freedom. But in recent years, challenges to religious liberty have abounded. For example, some claim that religious freedom promotes intolerance and bigotry, while others contend religious freedom condemns people to hell. And others weaponize religious liberty for culture warring. Nevertheless, evangelicals believe that religious liberty is fundamentally a matter of human dignity; thus, religious liberty is a right we must preserve for all people. This book will explore how evangelical anthropology, cosmology, and eschatology offer the most stable basis for religious freedom. Secular and Roman Catholic theories may positively contribute to religious liberty, but the evangelical model is superior because it answers

fundamental questions left unanswered in other models.

Why Black Lives Matter Anthony B. Bradley, 2020-10-21 Beginning with a conversation prompted by African American scholars like Dr. Alvin Poussaint of Harvard Medical School in 2007, to the current Black Lives Matter movement, there has been much debate about what led to the deaths of Trayvon Martin and Michael Brown, among others, as well as other systemic challenges that undermine black thriving. Anthony Bradley has assembled a team of scholars and religious leaders to provide a distinctly Christian perspective on what is needed for black communities to thrive from within. In addition to the social and structural issues that must be addressed, within black communities there are opportunities for social change based on God's vision for human flourishing. Covering topics like the black family, hip-hop, mental health, mentoring women, masculinity, and the church, this book will open your eyes to fresh ways to participate in solutions that will truly set black America free. Although the Black Lives Matter movement keeps the church on the margins, the authors in this volume believe that enduring change cannot happen unless God speaks directly to these issues in light of the gospel. Five Views on Sanctification Melvin E. Dieter, Anthony A. Hoekema, Stanley M. Horton, J. Robertson McQuilkin, John F. Walvoord, 2011-04-19 Christians generally recognize the need to live a holy, or sanctified, life. But they differ on what sanctification is and how it is achieved. How does one achieve sanctification in this life? How much success in sanctification is possible? Is a crisis experience following one's conversion normal--or necessary? If so, what kind of experience, and how is it verified? *Five Views on Sanctification*--part of the Counterpoints series--brings together in one easy-to-understand volume five major Protestant views on sanctification: Wesleyan View - represented by Melvin E. Dieter Reformed View - represented by Anthony A. Hoekema Pentecostal View - represented by Stanley M. Horton Keswick View - represented by J. Robertson McQuilkin Augustinian-Dispensationalism View - represented by John F. Walvoord Writing from a solid evangelical stance, each author describes and defends his own understanding of the doctrine sanctification and then responds to the views of the other authors. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own, educated opinion.

Kingdom Theology G. Carlton Moore, 2024-06-18 What this book argues for in today's twenty-first-century church was a hallmark doctrine of old school Presbyterianism of the nineteenth century: the doctrine of the spirituality of the church. Which eschatological approach one uses will affect one's understanding of the nature and practice of missions. Mission creep—the expansion of the church's original objective(s)—is a real concern for the contemporary church, and how one understands eschatology affects one's focus on missions. The mission of the church is narrow (Matt 28:18-20), and the

calling of individual believers is broad (Rom 12:1-2). If we fail to make this crucial distinction, the church's mission will lose its biblical emphasis. And if the church's mission is lost, then the authority structure, instantiated in the offices and officers of the church, devolves into illegitimacy, because the church is no longer advancing the kingdom ends she was mandated to do by King Jesus. If the institutional church fails to do this, we will be relinquishing and abdicating and abandoning our most singular and particular and peculiar kingdom of God vocation: the harvesting, gathering, and perfecting of the saints.
