*Playing by Heart* J. B. Salsbury, 2018-11-12 Jesse Lee is the worst! He's a multi-millionaire, triple-platinum-selling, Grammy-Award-winning man-slut--a worldly, self-indulgent heathen. I wouldn't sleep with him if he were our last chance to ensure survival of the human race. The only reason I put up with him is because he's my boss's brother. Whatsherface is one of those holier-than-thou types. She's bossy, has a horrific singing voice, and she's so ordinary, she practically blends in with the eggshell-colored walls--the complete opposite of anyone I'd bang. The only reason I put up with her is because my career is on the line. *Playing by Heart* is an enemies-to-lovers romance where opposites not only attract, they ignite.

**Fighting to Forget** JB Salsbury, 2023-08-09 Remembering her will either be his salvation...or his downfall... Rex You don't have to remember the past to be haunted by it. I'm proof of that. I don't remember the demons of my childhood, but I know they're there. Why else would I need pain to feel anything? A punch to the jaw, the sting of a tattoo needle, the heat from a piercing...only pain can jolt me back from the numbness. Until I found her... Mac I've stalked him for years. Waited for the right time to make amends. We shared horrors most people couldn't fathom. I've lived his pain every day. And he doesn't remember me at all. I wish I could forget, too. Our past, the ways he's changed, how he makes me feel...all of it. But I can't... He's spent a lifetime fighting to forget. Now he'll have to decide if remembering the past—and taking a shot at happily ever after with Mac—is worth the potentially devastating cost. *Fighting to Forget*, book 3 in the *Fighting* series, is an emotional, angsty, contemporary, steamy, sports/MMA romance with a guaranteed HEA. Download today and get ready to fall for Rex and Mac.

**The Tragedy of Great Power Politics (Updated Edition)** John J. Mearsheimer, 2003-01-17 A superb book...Mearsheimer has made a significant contribution to our understanding of the behavior of great powers.—Barry R. Posen, *The National Interest* The updated edition of this classic treatise on the behavior of great powers takes a penetrating look at the question likely to dominate international relations in the twenty-first century: Can China rise peacefully? In clear, eloquent prose, John Mearsheimer explains why the answer is no: a rising China will seek to dominate Asia, while the United States, determined to remain the world's sole regional hegemon, will go to great lengths to prevent that from happening. The tragedy of great power politics is inescapable.

*Battlefield of the Future - 21st Century Warfare Issues* Lawrence Grinter, 2012-08-01 This is a book about strategy and

war fighting. It contains 11 essays which examine topics such as military operations against a well-armed rogue state, the potential of parallel warfare strategy for different kinds of states, the revolutionary potential of information warfare, the lethal possibilities of biological warfare and the elements of an ongoing revolution in military affairs. The purpose of the book is to focus attention on the operational problems, enemy strategies and threat that will confront U.S. national security decision makers in the twenty-first century.

*Lost Libraries* J. Raven,2004-01-31 This pioneering volume of essays explores the destruction of great libraries since ancient times and examines the intellectual, political and cultural consequences of loss. Fourteen original contributions, introduced by a major re-evaluative history of lost libraries, offer the first ever comparative discussion of the greatest catastrophes in book history from Mesopotamia and Alexandria to the dispersal of monastic and monarchical book collections, the Nazi destruction of Jewish libraries, and the recent horrifying pillage and burning of books in Tibet, Bosnia and Iraq.

**Mighty Lewd Books** J. Peakman,2003-06-24 *Mighty Lewd Books* describes the emergence of a new home-grown English pornography. Through the examination of over 500 pieces of British erotica, this book looks at sex as seen in erotic culture, religion and medicine throughout the long eighteenth-century, and provides a radical new approach to the study of sexuality.

*Realising REDD+* Arild Angelsen,2009-01-01 REDD+ must be transformational. REDD+ requires broad institutional and governance reforms, such as tenure, decentralisation, and corruption control. These reforms will enable departures from business as usual, and involve communities and forest users in making and implementing policies that affect them. Policies must go beyond forestry. REDD+ strategies must include policies outside the forestry sector narrowly defined, such as agriculture and energy, and better coordinate across sectors to deal with non-forest drivers of deforestation and degradation. Performance-based payments are key, yet limited. Payments based on performance directly incentivise and compensate forest owners and users. But schemes such as payments for environmental services (PES) depend on conditions, such as secure tenure, solid carbon data and transparent governance, that are often lacking and take time to change. This constraint reinforces the need for broad institutional and policy reforms. We must learn from the past. Many approaches to REDD+ now being considered are similar to previous efforts to conserve and better manage forests, often with limited success. Taking on board lessons learned from past experience will improve the prospects of REDD+ effectiveness. National circumstances and uncertainty must be factored in. Different country contexts will create a variety of REDD+ models with different institutional and policy mixes. Uncertainties about the shape of the future global REDD+ system, national readiness and political consensus require flexibility and a phased approach to REDD+ implementation.

*Notes From A Small Island* Bill Bryson,2010-03-02 In 1995, before leaving his much-loved home in North Yorkshire to move back to the States for a few years with his family, Bill Bryson insisted on taking one last trip around Britain, a sort of

valedictory tour of the green and kindly island that had so long been his home. His aim was to take stock of the nation's public face and private parts (as it were), and to analyse what precisely it was he loved so much about a country that had produced Marmite; a military hero whose dying wish was to be kissed by a fellow named Hardy; place names like Farleigh Wallop, Titsey and Shellow Bowells; people who said 'Mustn't grumble', and 'Ooh lovely' at the sight of a cup of tea and a plate of biscuits; and Gardeners' Question Time. Notes from a Small Island was a huge number-one bestseller when it was first published, and has become the nation's most loved book about Britain, going on to sell over two million copies.

*Ruthless People* J.J. McAvoy, 2014-07-14 *Ruthless People #1...the book that started it all..... One Marriage + Two Bosses = 3X the Chaos.* To the outside world, they look like American royalty, giving to charities, feeding the homeless, and rebuilding the city. But behind closed doors is a constant battle for dominance between two bosses, cultures, and hearts. *Ruthless People* is a romantic crime fiction set in modern day Chicago and follows the life and marriage of Melody Giovanni and Liam Callahan - rivals by blood and leaders through fear. Theirs is an arranged marriage with the goal of ending years of bloodshed between the Irish and the Italians. Liam assumes he's getting a simple-minded wife, one he can control, one who bends to his every need...he'll soon find out that his wife to be does not fit that mold. Melody knows exactly what type of man Liam is and would rather die than give up the power she has spent her life earning. The mafia of the past has evolved, and with rival bosses gunning for their family, Melody and Liam will have to learn to work as one to take down those who stand in their way. Check out more thrilling titles in the *Ruthless People* series: *RUTHLESS PEOPLE #1 One Marriage + Two Bosses = 3X the Chaos.* *THE UNTOUCHABLES (#2) One Secret, Multiple Casualties.* *AMERICAN SAVAGES (#3) Villains by Choice.* *A BLOODY KINGDOM (#4) "After the battle, sharpen your knives."* *DECLAN + CORALINE* (prequel novella that takes place 2 years before *Ruthless People*) *You don't find love; it finds you.* And look for the *Ruthless People* spinoff, *Children of Vice--out 5.17.17* "From the *Ruthless*, Vice shall Rise."

*12 Rules for Life* Jordan B. Peterson, 2018-01-23 *#1 NATIONAL BESTSELLER #1 INTERNATIONAL BESTSELLER* What does everyone in the modern world need to know? Renowned psychologist Jordan B. Peterson's answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. Humorous, surprising and informative, Dr. Peterson tells us why skateboarding boys and girls must be left alone, what terrible fate awaits those who criticize too easily, and why you should always pet a cat when you meet one on the street. What does the nervous system of the lowly lobster have to tell us about standing up straight (with our shoulders back) and about success in life? Why did ancient Egyptians worship the capacity to pay careful attention as the highest of gods? What dreadful paths do people tread when they become resentful, arrogant and vengeful? Dr. Peterson journeys broadly, discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life. *12 Rules for Life* shatters the modern commonplaces of science, faith and human nature, while

transforming and ennobling the mind and spirit of its readers.

[This is Your Brain on Music](#) Daniel Levitin,2019-07-04 From the author of *The Changing Mind* and *The Organized Mind* comes a New York Times bestseller that unravels the mystery of our perennial love affair with music \*\*\*\*\* 'What do the music of Bach, Depeche Mode and John Cage fundamentally have in common?' Music is an obsession at the heart of human nature, even more fundamental to our species than language. From Mozart to the Beatles, neuroscientist, psychologist and internationally-bestselling author Daniel Levitin reveals the role of music in human evolution, shows how our musical preferences begin to form even before we are born and explains why music can offer such an emotional experience. In *This Is Your Brain On Music* Levitin offers nothing less than a new way to understand music, and what it can teach us about ourselves. \*\*\*\*\* 'Music seems to have an almost wilful, evasive quality, defying simple explanation, so that the more we find out, the more there is to know . . . Daniel Levitin's book is an eloquent and poetic exploration of this paradox' Sting 'You'll never hear music in the same way again' *Classic FM* magazine 'Music, Levitin argues, is not a decadent modern diversion but something of fundamental importance to the history of human development' *Literary Review*

[Marine Mammals Ashore](#) Joseph R. Geraci,Valerie J. Lounsbury,2005 Comprehensive manual for understanding and carrying out marine mammal rescue activities for stranded seals, manatees, dolphins, whales, or sea otters.

**After Virtue** Alasdair MacIntyre,2013-10-21 Highly controversial when it was first published in 1981, Alasdair MacIntyre's *After Virtue* has since established itself as a landmark work in contemporary moral philosophy. In this book, MacIntyre sought to address a crisis in moral language that he traced back to a European Enlightenment that had made the formulation of moral principles increasingly difficult. In the search for a way out of this impasse, MacIntyre returns to an earlier strand of ethical thinking, that of Aristotle, who emphasised the importance of 'virtue' to the ethical life. More than thirty years after its original publication, *After Virtue* remains a work that is impossible to ignore for anyone interested in our understanding of ethics and morality today.

**A Handbook of Reflective and Experiential Learning** Jennifer A. Moon,2013-04-15 This handbook acts as an essential guide to understanding and using reflective and experiential learning - whether it be for personal or professional development, or as a tool for learning. It takes a fresh look at experiential and reflective learning, locating them within an overall theoretical framework for learning and exploring the relationships between different approaches. As well as the theory, the book provides practical ideas for applying the models of learning, with tools, activities and photocopiable resources which can be incorporated directly into classroom practice. This book is essential reading to guide any teacher, lecturer or trainer wanting to improve teaching and learning.

**Social Anxiety and Social Phobia in Youth** Christopher Kearney, 2006-01-20 A great benefit of being a clinical child psychologist is the opportunity to conduct and review research on fascinating areas of human, youthful behavior. And perhaps no behavior is as central to human existence as social behavior, and the lack thereof. In writing this book, therefore, I have been doubly blessed with the chance to examine seminal works on behaviors that are so critical to the development and quality of life of children. This book covers the major historical aspects, characteristics, assessment strategies, and psychological treatment techniques for youths with social anxiety and social phobia. Chapter 1 provides an introduction to the related constructs and history of social phobia. Chapters 2 and 3 provide a summary of the characteristics and etiological variables that pertain most to youths with social anxiety and social phobia. Chapters 4 and 5 provide an overview of research- and clinically-based assessment strategies and recommendations for this population. Chapters 6-9 provide a description of treatment techniques that are most relevant and empirically supported for youths with social anxiety and social phobia. Chapter 10 covers issues regarding general and relapse prevention as well as difficult cases and future directions.
