Between Imagined Communities and Communities of Practice Nicolas Adell, Regina F. Bendix, Chiara Bortolotto, Markus Tauschek, 2015 Community and participation have become central concepts in the nomination processes surrounding heritage, intersecting time and again with questions of territory. In this volume, anthropologists and legal scholars from France, Germany, Italy and the USA take up questions arising from these intertwined concerns from diverse perspectives: How and by whom were these concepts interpreted and re-interpreted, and what effects did they bring forth in their implementation? What impact was wielded by these terms, and what kinds of discursive formations did they bring forth? How do actors from local to national levels interpret these new components of the heritage regime, and how do actors within heritage-granting national and international bodies work it into their cultural and political agency? What is the role of experts and expertise, and when is scholarly knowledge expertise and when is it partisan? How do bureaucratic institutions translate the imperative of participation into concrete practices? Case studies from within and without the UNESCO matrix combine with essays probing larger concerns generated by the valuation and valorization of culture.

**La rinascita dell'Europa** Renato Cristin, 2001 Che cosa vuol dire, oggi, essere europei? In che cosa gli abitanti d'Europa possono riconoscere una cifra comune, che li ponga in condizione di dialogare con i differenti mondi, senza chiudersi nei propri particolarismi e senza d'altro canto manifestare aggressive volontà di conquista? La questione dell'identità è forse il problema principale che sta di fronte all'Europa del nostro tempo: dalla soluzione che ad esso verrà data dipenderà quella di

tutti gli altri complessi problemi dell'Europa attuale. In questo libro, frutto di una ricerca promossa dall'Istituto Italiano per gli Studi Filosofici di Napoli, il metodo fenomenologico di Edmund Husserl viene applicato all'Europa in quanto dimensione culturale e spirituale. Analizzando le riflessioni husserliane sulla crisi delle scienze e sul destino della civiltà europea, l'autore traccia un percorso ermeneutico che oltrepassa il piano ricostruttivo per approdare a una riflessione sull'Europa futura. Ne scaturisce un doppio esito: da un lato, una verifica delle capacità del pensiero fenomenologico di interpretare in chiave critica la realtà europea attuale; dall'altro, un abbozzo dei compiti più urgenti che, da questa prospettiva fenomenologica, l'Europa si trova a dover affrontare.

**Breve Dizionario Di Politica Europea. Ediz. Italiana E Inglese** Marco Marazzi e Stefania Schipani, 2014-04-29 Come si struttura l'attuale Unione europea? Quali sono le sue caratteristiche e come deve modificarle se vuole compiere davvero un salto di qualità per portare a compimento il disegno originario di una terra che sia culla di nazioni diverse ma vicine, per diventare una Europa unita e rappresentativa degli Stati e dei cittadini, in una parola, Federale? L'Europa di oggi è una grande porta con tante serrature, ma per trovare l'Europa del futuro e guardare oltre bisogna aprirle tutte e di tutte trovare le chiavi. Ecco il perché di questo libro che fotografa alcuni dei principali aspetti che caratterizzano la nostra Europa attuale, ognuno dei quali è una serratura da aprire e quelle che proponiamo sono per noi le chiavi giuste. Le chiavi di una Federazione europea. How is the European Union structured? What are its features and how should it change to take that qualitative step and achieve the original idea of a land that is the cradle of different, but close nations, and turn itself into a united Europe which represents the States but also the citizens. In one word, a Federation? Today's Europe is a great door with many locks; to discover the Europe of the future and look ahead of us, we need to find all the keys and open all these doors. This is why we wrote this book, which takes a picture of some of the main features of today's Europe, each one of which is a lock that needs to be opened, and for which we try to suggest the right keys. The keys of our European federation.

**Fascist Europe** Monica Fioravanzo, 2024-02-02 By shedding light on an often-overlooked aspect of Fascism and Nazism, this book examines the ambitious plans for a new European order conceived by Italian intellectuals, historians, geographers, politicians, and even student representative of the Fascist University Groups (GUF). Through expert reconstruction of the debate on this envisaged order's development, Monica Fioravanzo opens a window into the theoretical arena that shaped relationships between German, Italy and the other Axis nations and provides insight into how the project was anticipated to unite the Fascist regime in Italy and the Nazi Reich.

What's in the Past Ignazio E. Buttitta, 2023-10-09 Among the main questions relating to the interpretation of popular religiosity phenomena there are those on the usefulness of historical sources (archaeological and documentary) for the purposes of understanding the mythical-ritual present, on the presumed chronological continuity of practices and beliefs and

on the legitimacy and effectiveness of historical-comparative method. These questions deserve to be taken up again on the basis of renewed investigations in the face of the now-occurring dissolution of what has been defined as peasant civilization and the renewed interest in intangible heritage both by communities in search of identity matrices and cultural memories and by part of the so-called cultural market. This volume presents important works by Ignazio Buttitta.

Faith Challenges Culture Paul O'Callaghan, 2021-10-25 The modern culture we live off and take for granted is an elevated, sophisticated one, containing a great variety of precious anthropological insights and strengths, with a surprising adaptability and openness to absorb, to clarify and to unite. However, in the present moment it comes across, in many cases, as a culture detached from the faith that gave life to it in the first place, and without which it may simply not survive. In fact it has become, of late, a fragile culture, a culture less and less capable of adapting and absorbing and uniting. This may be seen in the way many aspects of modern culture and public life have fallen into a pathology of rationalism, individualism, inequality, discord, ingratitude. This may be seen in our attempt to live in isolation from our fellow humans, unwilling to recognize the world we live in and the privileges we enjoy as God's gifts. *Faith Challenges Culture: A Reflection of the Dynamics of Modernity* describes the process in two directions: how culture challenges faith to provide answers that have not been previously given, and how faith challenges culture not only by showing modern culture's fragility and ambivalence, but also by posing new questions.

Il Papa e l'Europa Mario Forte, 2003

Alcuin II Douglas Dales, 2013-04-25 Scholar, ecclesiastic, teacher and poet of the eighth century, Alcuin can be seen as a true hidden saint of the Church, of the same stature and significance as his predecessor Bede. His love of God and his grasp of Christian theology were rendered original in their creative impact by his gifts as a teacher and poet. In his hands, the very traditional theology that he inherited, and to which he felt bound, took new wings. In that respect, he must rank as one of the most notable and influential of Anglo-Saxon Christians, uniting English and continental Christianity in a unique manner, which left a lasting legacy within the Catholic Church of Western Europe. This book is intended for the general reader as well as for those studying, teaching or researching this period of early medieval history and theology in schools and universities.

**Popoli romanici. Migrazioni indoeuropee** Andrey Tikhomirov, 2022-05-15 Il libro parla degli antichi movimenti migratori dei popoli romanici dopo che hanno lasciato la loro casa indoeuropea originaria, la regione meridionale della steppa degli Urali, il Mar Nero.

Etnografia di una passione Katia Ballacchino, 2015-04-28 In provincia di Napoli si volge una secolare festa particolarmente interessante dal punto di vista antropologico, la festa dei Gigli di Nola. Il volume raccoglie i frutti di un'indagine etnografica della comunità di pratica patrimoniale protagonista, complessa e numerosa. La ricerca rende conto anche di numerosi altri luoghi in cui si svolge un rito simile nella regione Campania o in contesti di dislocazione migratoria d'oltreoceano, come a Brooklyn, New York.
