Ways to become successful in career: Required skill sets Editor IJSMI,2020-04-12 Everyone wants to become successful in their career from fresher to senior level professionals. One need to build a career in a particular field or area based on their aims or ambitions or long time goals. Career building is a long process as it might take years and might be made up one job or multiple connected jobs or starting an own business or organization. If we choose and build a career in a field or area and move in that ladder then the journey will give greater job satisfaction, more confident, recognition, opportunities, sense of achievement, independence, security, reduce stress as we will be liking whatever we are doing and most importantly it will help us to grow financially. If we focus on getting merely a job then the benefit will be short lived and we might need to search it all the time. This book throws light on the basic skills required in building a successful career. Different types of skills required for one to succeed in their field such as technical skills, leadership skills, managerial skills and soft skills such as communication, networking, interpersonal, problem solving skills, critical thinking, conflict management and organization skills. The book focuses on building a successful career by way of self-assessment, proper planning and improving their required skills set.
